SAE 60 Synthetic Super Heavy Weight Racing Oil

AMSOIL SAE 60 Synthetic Super Heavy Weight Racing Oil is a high viscosity lubricant designed specifically for high horsepower racing engines. SAE 60 effectively resists the thinning effects of fuel dilution, while providing unsurpassed wear protection, friction reduction and more power. Highly resistant to thermal degradation and oxidation.

Super Shift Racing Transmission Fluid

AMSOIL Supershift Racing Transmission Fluid is specially formulated for high horsepower and torque conditions, providing quick, solid shifts. Automatic transmissions do not slip, helping racers improve on elapsed times. Delivers unmatched friction reduction and reduced wear so clutch plates and transmissions last longer. Provides maximum torque transfer and brake power while resisting oxidation and thermal breakdown.
